

# Dual enrollment matrix

## PEBB Program

The PEBB Program will enroll or disenroll employees and/or their dependents as described in the tables below (per [WAC 182-12-123\(6\)](#)). Changes are effective January 1, 2022.

| If the employee is enrolled in...                              | Then...                                                                                                                 |
|----------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| PEBB dental only, and as a dependent in SEBB medical           | They will keep SEBB medical and be disenrolled from PEBB dental.                                                        |
| PEBB medical, and as a dependent in SEBB medical               | They will keep PEBB medical and be disenrolled from SEBB medical.                                                       |
| PEBB medical and SEBB medical (both as a subscriber)           | They will stay enrolled in the program you have been enrolled in the longest and be disenrolled from the other program. |
| PEBB dental and SEBB dental/vision only (both as a subscriber) | They will keep SEBB vision (and SEBB dental if enrolled) and be disenrolled from PEBB dental.                           |

| If the employee's dependent is enrolled in...                        | Then...                                                                                                                 |
|----------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| PEBB medical and/or PEBB dental, and as a subscriber in SEBB medical | They will keep SEBB medical and be disenrolled from the employee's PEBB coverage.                                       |
| PEBB medical and SEBB medical (both as a dependent)                  | They will keep enrollment in the program they have been enrolled in the longest and disenrolled from the other program. |
| PEBB dental and SEBB dental/vision only (both as a dependent)        | They will keep SEBB vision (and SEBB dental if enrolled) and be disenrolled from PEBB dental.                           |

If the employee's dependent is disenrolled from their SEBB dental and vision (as a school employee) to stay on the employee's PEBB medical, they will also be enrolled in the employee's PEBB dental if not already enrolled.
